MILLIO'S OF ACRES OPEN TO SET-

The land department of Washington has given n nice that millions of acres of railroad indeninity lands will be open to settlement by homes eaders and preemptors within a few months. These lands are among the best lands ever offered west of the Mississippi river and in the Gulf States. Such an opportunity for the young people of this nation to ac quire real eslate for the mere taking will never occur again, as the public lands will by another year be practically exhausted. Therefore the struggle for homes and land will resemble Europe. All who are about to start for the West or to locate southern railroad lands will find Copp's Settler's Guide of special service---pubexpressage..... 25 25 lished by Henry N. Copp, Washington

D. C.; price 25 cents. It tells about the homestead, pre-emp tion, timber culture, desert and other H. D. Simon, constable fees 34 30 laws; how to decip er surveyed town ship, section and other quarter-section corners; how long residence must be continued; what settlement and improvement must be shown, how and on what grounds contests against abandoned and illegal entries can be commenced; location of government land officers, and it will doubtless save many settlers from the loss of their lands and improvements, as designing people often mislead uninform-

EVERY WORD TRUE.

A correspondent of the Prescott Courier, in speaking of the recent expose of the Tortilita swindle, truthfully ays: While this is unquestionably a most valuable public service, and while the vivisection of a scalawage especially when he is rich, is an interesting, if not an agreeable spectacle, it must be admitted that the Territory is a serious loser in public estimation, by being made the basis of these stock selling swindlers. For every dollar scooped in by these mining stock sharps, the est miners and prospectors in the Territory lose a hundred through the aversion of capital to i west in regions tainted, though only in name, by such associations. A local press that would handle the mining interests or its locality with as much freedom, vigor and indifference to consequences as it invariably uses in its political discussions, would go far towards redeemin the reputation of the country. Unfortunately journa's of such weight and circulation as th World and the Heraid, though they would cheerfully spend ten thousand dollars and de vote a hundred columns in exposing a rascellity connected with Arizona, would not give a cenor a line in calling attention to her really magn fie at his urces, or the numerous though hum ble suc e s s or the hard working miners and p o-pe turs who spend their liv s on her mountains and pains, and who, single handed, earn a competence infinitely miller, but infinitely more hon rabie .h n th.t gain d by scheming

pa asites or Will st eet. The Latest and Greatest Discovery. Dr. J. De Pratt's Hambug Figs-a crystalized fruit cathartic. A boon to every household. A most delicious laxative or purgative, prepared from fruits and vegetables. So perfectly harmless that they may be administered with entire safety to an infant. So efficacious to adults that a single dose will prove their value, and so elegant a overseer, Charleston district, and as preparation that it needs only to be presity in every household throughout the lind. For liver complaints habitual constipation, indigestion, dyspepsia and piles, they are a specific. To travelers by sea and land they will be found invaluable; they are positively unfailing in heir action, and this is the only medicine ever offered to the public that is acceptable to the taste, and so pleasant that children will eat the figs as eagerly as candy. For sale by every druggist
